Give Alive & refreshed look to eye's

I-GEL

Gentle formulation of Aloe Vera , Cucumber & Glycolic acid

- Offer excellent anti-edema and anti-inflammatory effects - Which stimulates the cutaneous circulation,
- Suitable for Skin around eyes – Because water retention and a slow lymph flow is present, so can be used on ultra-sensitive skin
- Glycolic acid used as a natural skin exfoliant and moisturizer
- Pleasant non-greasy, no-oily gel formulation
- Gentle botanical formulation - will not irritate or sting the eyes.

Reduces Under eye dark circles and general eye puffiness

Cucumber In I-gel reduces Dark Circle¹ & Swelling around eyes²

- Helps to lighten the skin & soothes and cools the eyes.
- Give comfort especially if you've been up late the night or your eyes are red and tired from allergies or staring at a laptop screen.

Aloe Vera In I-gel

- Helps in reducing Dark Circle & Eye Puffiness³
- protect the eyes from ultraviolet rays from the sun⁴
- Restore the youthful look around eye areas because it Contains Vitamin - A, C, B12 and E & Minerals - Zinc, Calcium, Magnesium, Proteins and Amino acids.⁵
- **helps to reduce fine wrinkles around the eye areas.** Anti-aging properties & stimulate collagen formation to help to restore the suppleness of the skin around eyes.
- **Acts as a good moisturizer and emollient for the eyes.**
- **Reduce infection around the eyes** - Has anti-bacterial properties
- Heal wounds, bruises or burns near the eye area.

USAGE AND ADMINISTRATION

Wash the face thoroughly and pat dry it before application. Take a peanut size quantity of this gel and gently massage on the delicate area beneath the eyes. Avoid contact with eyes. Apply two or three times daily for better results.
